### WE ARE A FLEA FREE ZONE

- If your dog has fleas, come see us before you bring the dog into the store. We want to make sure you get your pup into the tub right away and get him the relief he needs, but we also need to minimize his contact with our other customers. Give others the respect you would want them to give to you.
- If your dog has fleas, you will be required to treat your dog with our flea treatment. It is exceptionally effective at killing those little buggers, and your dog will love you for it!! If you refuse treatment, we regret that we must ask you to leave, as you pose a hazard to the cleanliness of our store and a health hazard to our other customers.
